Step 6

Fold and adhere the corners in on the cover.

Step 7

Fold and adhere the edges in on the cover.

Step 8 allow the glue to dry before going to the sewing machine.

Step 9 Machine Sew (I use zig zag set at 2 and 2 for the stitch width and length) around the outside edge of the cover.

Step 10

Sew around the cardstock pieces if desired.

Step 11 adhere cardstock pieces to cover. Adhere the thin 2.5x 8.75 inch strip in the center, making sure to apply enough glue for strength.

Then layer the sides.

Step 12

Mark three holes at the top and the bottom center of the spine and punch with 1/8 inch hole punch.

Step 13

Feed 2 mm elastic cord through the holes. This will create four elastic bands to hold three or four journal inserts.

Step 14

Use your new journal cover.
